CULTURE COMMUNITY & ART

ANNUAL EVENT

give
&
grow

CAPI's Give & Grow Event, now in its 5th year, seeks to showcase the art, culture, and stories of the communities we work alongside, while raising support to continue the important work being done in the immigrant, refugee, and asylee communities in the Twin Cities.

Attendees will enjoy performances ranging from dance, song, and theater, to digital media, and stories on stage. This is an opportunity for the wider community to get to know the talent and artistry that lies within their refugee and immigrant neighbors in the Twin Cities and take home an understanding of the strength and determination we witness every day.

Held at The Luminary Arts Center in Minneapolis, guests will have a chance to browse and bid on silent auction items, have a drink, and grab some nibbles at our appetizer concession stand.

By becoming a sponsor of the event, you have the opportunity to show your support for immigrants, refugees, and other marginalized communities in Minnesota. Putting your logo on something means more to us than just a financial contribution...it means that you are in this with us and you are a partner in making sure that Minnesota is a place where everyone can call home.
